

SHOCKOUT

PROSPECTUS 2019

WE ARE SHOCKOUT

Shockout is an industry led dance and musical theatre training organisation, with the sole purpose to support aspiring young artists, from all walks of life, to fulfil their dream of becoming a professional performer.

We are based in the heart of Manchester City centre, in a purpose built studio, to deliver our BTEC, Foundation, and B.A honours degrees courses. It is our high calibre courses that allows us to develop unique, vibrant and work ready graduates.

We look for raw talent, personality and the high work ethic that sets you apart. No matter your ethnicity, gender, socio-economic background, everyone has the equal opportunity develop to their full potential with us.

“

Our vision is to create passionate, determined and dedicated young performers with a holistic skill set that is needed to achieve their personal dreams.

We don't look to enrol an ensemble of perfection. We look for rawness of expression, an indomitable spirit, the willingness to learn, and that special something that sets them apart from the rest.

When students graduate from Shockout, we aim for them to be employable and versatile artists, choreographers and teachers in their own right, and enjoy a successful career in the performing arts industry.

”

Sue Luke, Shockout Principal

“

I am me. Shockout supports me to embrace my individuality. They helped create the real me by encouraging me to do what I love without judgement.
